SCSS

Tailwind CSS

Bulma

React.js

Next.js

Gatsby

AppScript

API Integration

Make Automation

GraphQL

### Platforms:

Airtable

Firebase

Zendesk

## About Me

"I design as a developer and I develop as a designer." My unique approach allows me to create intuitive and aesthetically pleasing interfaces that are also efficient and functional. My dual expertise ensures that I can effectively bring design concepts to life with precise implementation, optimizing both the user experience and the technical performance of web applications.

## Professional Experience

2022 - Present

1yr and 9mos

MedGrocer

Makati

### Fullstack Web Developer

- **Website Maintenance:** Managed and maintained multiple websites, ensuring they are up-to-date and functioning optimally.
- **Project Development:** Played a key role in the development and deployment of large-scale projects tailored to client needs.
- **Client Interaction:** Communicated with business units to gather feature requests, assess feasibility, and translate business needs into technical requirements.
- **UI Design:** Created and refined visual designs, prototypes, and wireframes to enhance user experience.
- **Integrated Design and Development:** Bridged the gap between design and development, ensuring seamless transition from wireframes to functional front-end code.
